

# Instructions.

# Meet. Connect. Stay in Touch.

Your Poken is your 'Social Business Card'. Touch your activated Poken to another to share your contact details and online social networks in the real world. Using your Poken is as easy as 1, 2, 3. **You do not need to create an account to get started.**

- 1** Activate your Poken today by pulling apart the body and removing the activation tag. You'll see a flashing red light. You are ready to go!

- 2** Touch your Poken to another to create a connection, up to 100 between downloads.

- 3** At your convenience plug your Poken into your computer's USB port to create your profile. Go to <http://www.poken.com/go> to register and we will guide you through the rest.

**!** REMEMBER you can create connections before you create your profile. The first time you login to create your profile you will see all the connections you have made.
